This program provides examples of righteous living through the experiences of those who lived before us. From accounts of the prophets and messengers to the details about the Sahabah and various Islamic figures and civilization, This program reinforces civics by adapting social studies standards.

IQRA's Arabic Language Program is designed to teach students Arabic as a second language by covering the four language skills of reading, writing, listening, and speaking. Our program includes the IQRA' Arabic Reader series, one of the most widely-acclaimed and used Arabic programs, adopted by both Islamic and public schools alike.

IQRA' WISE PROGRAM FOR WEEKEND SCHOOLS
